KITCHENS

LUCAS GRANT  
KITCHENS

## Designed and built especially for you

Handcrafted in our workshop in Surrey, we design and build beautiful, timeless kitchens tailored to you, your home and your lifestyle in any colour you choose.

With standard and bespoke options available, a Lucas Grant Kitchen offers quality crafted, unique cabinetry at mid-range prices that are exceptional value for money.

[lucasgrant.co.uk](http://lucasgrant.co.uk)

Lucas Grant Kitchens originates from a simple love of joinery and craftsmanship, and a desire for doing things really well.

After years of frustration fitting third party kitchens that didn't completely work for clients or their space, we decided to use our experience, skills and expertise to work with clients to make them exactly what they wanted, no compromises.

Using the highest quality of materials we deliver beautiful, highly durable kitchens that are designed to look exceptional whilst withstanding the stresses of everyday life for many years to come.

## The heart of your home

In today's modern living a kitchen is where it all happens, and it's with our three main collections that your new kitchen begins.

We combine real craftsmanship, expert knowledge and the latest designs to bring a versatility to our collections that reflects all of today's best kitchen trends to meet any clients vision.

From a classic shaker (The Searle), a modern twist on the classic shaker (The Firgrove) to a modern contemporary kitchen (The Barrington), our standard ranges work with any interior design.

We work with you to design your kitchen just for you, your wish list, your vision and your colour choice.

## Searle Collection

Our Searle Collection kitchen is a classic in-frame shaker design that highlights our exceptional joinery and adds a touch of luxury to any home.

A specific design feature of this range is the single solid wood frame that runs around the kitchen rather than each cabinet, giving a truly bespoke look whilst maximising internal cabinet space.

The inframe door can be finished with a soft close or a butt hinge, can be crafted with a range of detailing to meet any requirement and can be finished in any colour, hand painted or sprayed.

## Barrington Collection

Featuring a modern contemporary slab door, the Barrington Collection can come with an exterior handle or integrated handle in numerous designs providing versatility for a high end contemporary finish.

Constructed from MDF, the doors can be hand painted or more typically sprayed in any choice of colour with a matt or a high gloss finish.

The Barrington kitchen offers a super stylish, highly durable and modern finish to give any home the wow factor.

## Firgrove Collection

A beautiful modern twist on a classic shaker, the Firgrove is a square edged over lay shaker perfect for any style of house as it offers clean lines and simple panelling.

With doors crafted from MDF, our kitchens are made to stand the test of time and can be made in any size, and finished in any colour you choose whether hand painted or sprayed.

Like all of our kitchens The Firgrove Collection can be designed and custom made to perfectly suit your needs, and provide a timeless kitchen that would be a beautiful addition to any home.

## Be colour creative, go bespoke

All of our kitchens can be finished in any colour you choose so be as brave as you dare! Choose something bold and striking or calm and peaceful, a beautiful dark blue, a gorgeous light grey or maybe a mix of the two?

With matt and gloss options available in either a super durable spray finish, or a gorgeous hand-painted finish, you really can have the kitchen you have dreamed of!

## It's all in the detail

No two Lucas Grant Kitchens are ever the same. Our Collections are there to guide you, but ultimately we create your kitchen for you. Whether it's solid oak dove-tailed drawers, hidden cutlery drawers, oak tray holders or the must have wine rack in a one off design we can add all of the unique finishing touches you need.

So get thinking and challenge us with your ultimate wish list...

## There's something about storage

Storage is high on all of our clients wish list so we have function at the forefront of our mind when we design our kitchens, think beautiful AND practical.

Built-in, walk-in or freestanding larder cupboards provide a multitude of space to store your kitchen essentials, it's a modern day pantry and fast becoming a kitchen staple.

Breakfast cabinets can hide all your gadgets away, deep pan draws allow for easy access with great visibility, and hidden drawers allow for extra storage whilst keeping the clean lines necessary for certain designs.

There really is an abundance of options to ensure your kitchen is completely practical whilst looking truly beautiful.

## Expert joinery

From traditional joinery to modern day making, your kitchen is handmade with care.

Crafted in our workshop in Surrey a Lucas Grant Kitchen is truly bespoke made for each client, there's no stock of standard units and we make every kitchen to order. From initial design to final installation our team of master craftspeople, including joiners, carpenters and painters work seamlessly to create your perfect kitchen vision.

We aim to source sustainable materials and shop locally wherever possible ensuring your kitchen is truly British made.

We also love visitors so come and long and see for yourself.
